Once arrive, everyone will get off the boat and head to ranger station. The Trekking to see the Komodo dragon will start from there with ranger on the island. Ad- just your time for trekking with the ranger as you want. Once it's finished, go back to boat and sail to **Kalong Island**. This is a small island consist of mangrove forest. The island becoming the " House of thousand bats". If you are lucky, you will see thousand of bats flying out from their nest to find their food. Before heading to Kalong Island you can do snorkeling on Kambing Island. Enjoy Dinner and overnight on Boat.

Note :

****Cruising times for guidance only as this can be influenced by local weather and ocean conditions such as winds, currents and tides - the itinerary can be modified on site by the captain depending on the cruising conditions on the day of the cruise. The hiking time and / or snorkeling may be shortened depending on these cruising conditions.**

Days 03: PADAR – KOMODO – PINK BEACH (B,L,D)

This morning we will arrive at **Padar Island**. We can start a short trekking to the hill for the one of the best views in the park and the best opportunities to have a virtually unrivalled views of the surrounding ocean, islands, bays and hills. It is located in the south central of the park, between Komodo and Rinca Island.

From Padar, continue to **Komodo Island**. This is the largest and most famous of all islands in Komodo National Park and covers 390 square kilometres. It is also has the largest community of Komodo dragons and many other animals such as deer, wild boar and birds. Set off for a 11/2 hour trek under the guidance of a local park ranger who will explain all about the dragon's life on the islands. Afterward snorkeling and relaxing at the world heritage site of Pink Beach.

Pink Beach on Komodo island is a very beautiful beach with pink sand stretch along the coastal located in Komodo National Park. It is one of the favorite tourist destinations because of the scenic view, colour of sand and beautiful underwater life. The pink colour of the sand is formed from pieces of red coral but the truth is a kind of amoeba microscopic animal called Foraminifera which produce red or pink light on the reef. If we take a pinch of sand and it shows red sand in between the white sand. Meanwhile, the grains of sand are smooth and soft. So, it is ideal for relaxation and sunbathing on it. Overnight on boat.

Days 04: KANAWA – BIDADARI ISLAND – LABUAN BAJO - AIRPORT (B,L)

Upon arrival at Kanawa Island, set the snorkeling gear and get ready for an incredible snorkeling adventure at one of the island's beautiful reefs. Continue to nearby island of Bidadari for another snorkeling opportunity which offer wider reef and marine life. In the afternoon sailing back to Labuan bajo and transfer to the airport for departure flight. Tour End and Hope to see you on the next program.
